PROJECTS

- **Browser Extension Manager UI** - This project replicates a typical extension management interface where users can view installed extensions, toggle them on or off, and remove them.
- **Fylo Dark Theme Landing Page** - A visually appealing dark-themed landing page built using HTML and CSS. The project recreates Fylo's design, focusing on clean layout, responsive design, and visual hierarchy.
- **Product List with Cart** - A responsive product list page built with React, featuring a fully functional shopping cart. Users can browse products, add or remove items from the cart, and view the total cost dynamically.
